

Battery Information acc. to Regulation (EU) 2023/1542

1. Manufacturer information:

Brand name: BH SENS
Company name: Huf Baolong Electronics Bretten GmbH
Postal Address: Gewerbestrasse 40, 75015 Bretten, Germany
Telephone number: +49 7252 970 0
Website: <https://www.bh-sens.com>

2. Object of the information:

Product: TPMS Sensor S6.6F 433 MHz
Model: **TMSS6D4**
Build-in battery: Primary Lithium Battery (Industrial Battery)
Expected lifetime: up to 10 years under normal usage conditions
Traceability: serial number on sensor housing

3. Battery information:

Alternative:	Type A:	Type B:
Make of battery:	Maxell	EVE
Model of battery:	CR2032HR	CR2032HT
Nominal Voltage:	3.0 V	
Nominal Capacity:	200 mAh	
Chemistry:	Lithium Manganese Dioxide	
Traceability:	month and year on surface of cell	

4. Safety information:

This product contains a built-in battery that is not intended to be removed or replaced by the user. Do not open, crush, puncture or disassemble. Risk of fire, explosion, or burns if damaged or exposed to heat. In case of malfunction or damage, contact the manufacturer. Keep away from children.

5. Disposal information:

At end of life, do not dispose of the device in household waste. Instead, return the entire device to an authorized electronic waste collection point or recycling facility in accordance with local regulations. End-users are legally obligated to return used batteries to collection points.

Improper disposal may cause environmental harm or safety risks. Proper disposal supports environmental protection and recycling of valuable raw materials.

6. Conformity information:

The full text of the EU Declaration of Conformity and the battery information are available at the following internet address: <https://www.bh-sens.com/conformity>
